Lunch with the Author

Tuesday, March 11, 2025 at 11:30 am
Belleair Country Club, 1 Country Club Lane, Belleair

Our Speaker is internationally and USA Today best-selling author

Tracey Enerson Wood!

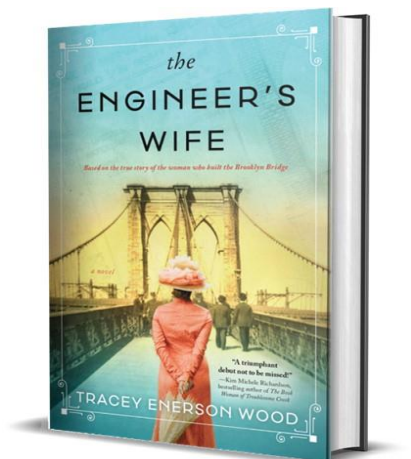

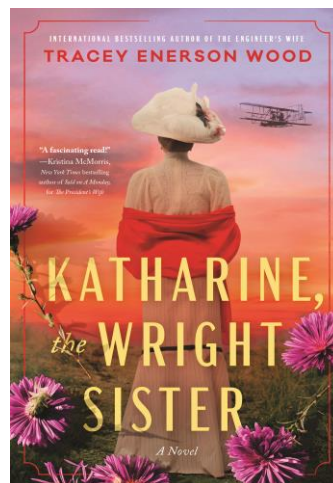

She loves discovering amazing women whose stories have been lost to history, and bringing them to life for today's readers. Her newest book (2024) is *Katharine, the Wright Sister*, which shines a light on the woman who was the mastermind behind her brothers' famous invention, the airplane.

She wrote *The President's Wife*, about Edith Wilson who took over much of the decision-making when her husband became too sick to work. She also wrote *The War Nurse*, about nurses in WW1. Her debut novel, *The Engineer's Wife*, is the story of the woman who completed the Brooklyn Bridge.

She co-authored the book *Homefront Cooking, American Veterans share Recipes, Wit, and Wisdom*, and all authors' profits are donated to organizations that support veterans. *Life Hacks for Military Spouses* is her latest non-fiction release.

A New Jersey native, she and her family live in Florida.

RSVP ORDER FORM is at the bottom of the next page.

Tombolo Books will be selling books on site, and Tracey will sign books after the program.

This event is hosted by the Clearwater Alumnae Panhellenic Association.
